

For our inaugural event, Cylski Creative produced the SAP Concur Fusion Keynote at The Venetian Resort in Las Vegas.

Cylski had the privilege of creating and delivering an exquisite keynote environment. We presented a range of lighting and scenic choices, collaborating with the client to craft a tailored package that elevated the event while staying within their budget.

Along with producing the keynote space and all of the on-screen content, Cylski provided a variety of additional services for the event.

Client Feedback

There are a million and one reasons why I knew, without a doubt, that keeping you as part of our keynote crew was essential to running an incredible show. You are truly incredible at what you do, and somehow, you keep getting better. Working with you is just easy and we are SO. DAMN. LUCKY. to have you as part of our extended fam.

It was amazing working with you. I learned so much and appreciate all you did. It was a fantastic experience and if I didn't know better, I'd say Cylski had been in business for years based on how everything ran like a well-oiled machine.

We never had the slightest doubt it was going to be excellent, but we didn't know just how far out-of-the park you would hit it. Pretty far I would say. Looking forward to more.

Thank you for your leadership, your excellent work, for making us look good in front of our bosses, for making the impossible possible, and for telling us when we needed to chill. And please, extend my thanks to all of your team. Talk about a well-oiled machine! Awesome.

We love working with you and most importantly, we trust you. Thank you for always making us look our best!
